Parsec Reviews: "Parsec is a free Windows app that allows you to play PC games from your console or laptop even if you don't own a console, PC, or laptop. Parsec connects to your home server or public server via LAN or

the internet and streams your game to your controller or mouse and keyboard. Parsec allows you to use any modern Windows PC, Android device, or Apple TV with a controller as your client."

"These days, it seems like there's more and more original titles coming out for consoles than before. Games such as The Last of Us, Uncharted 4: A

Thief's End, and Deus Ex: Mankind Divided got my attention and drew me in, but I haven't actually gotten a chance to play them yet. Parsec has allowed me to play some of these games on my PC using my PlayStation 3 controller. It's incredible." "I've never been a big console gamer,

Parsec Crack + Patch With Serial Key [Mac/Win]

Play remotely your favorite games on Windows PCs: Your gaming rig is all set to play games when you're on the road (or staying home) and want to get the most out of it. By remotely connecting to your gaming PC you can play your favorite games in ultra-low latency (60fps), through a web

browser, your favorite game client, and even your smartphone! ☑ Play remotely your favorite games on Macs, Windows laptops, and routers: Parsec Torrent Download works on macOS, Windows, and Linux, and is optimized for macOS and Windows laptops. ☑ Play remotely your favorite games on Android smartphones and

tablets: Parsec Free Download is also available on Android smartphones and tablets, making it the ideal remote controller for on-the-go gamers! ☑ Play remotely your favorite games on Google Chromecast: Get access to your gaming PC with Chromecast! ☑ Remotely host a server on your gaming PC: If you like to share games with your

friends, or if you're looking to play with a group of people in real-time, you can now do just that. ☑ Play multiplayer games with friends using screen sharing. Connect your favorite games to your gaming PC with up to four players in the party. ☑ Play games in fullscreen: Fullscreen is the best way to play games. Parsec enables

you to choose between normal or fullscreen mode in the app. ☑ Play your favorite games in a lag-free and low-latency connection: Parsec features local peer-to-peer connections, which allows you to play games in ultra-low latency (up to 60fps) without any lag whatsoever! ☑ Play your favorite games on a smartphone or a tablet:

Parsec enables you to play your favorite games on smartphones and tablets as the app can be fully controlled with only a few taps or clicks. ☑ Play your favorite games through your Chrome browser: If you're looking for a remote controller for your gaming PC, Chromebook, laptop, etc., you can now easily do just that. ☑ Use your

smartphone as a controller: If you're a smartphone user who doesn't have an Xbox One S, or PlayStation 4, or an original Xbox, it can be hard for you to play the games that you love.

Parsec solves this problem by letting you play games on your smartphone by using the app as a controller. ♦
